

Physician 360™

A step-by-step guide to book your online consultation with Physician 360

Start Your Visit

To start your visit, either:

- Go directly to visit.physician360.co
- Scan the QR code to the right

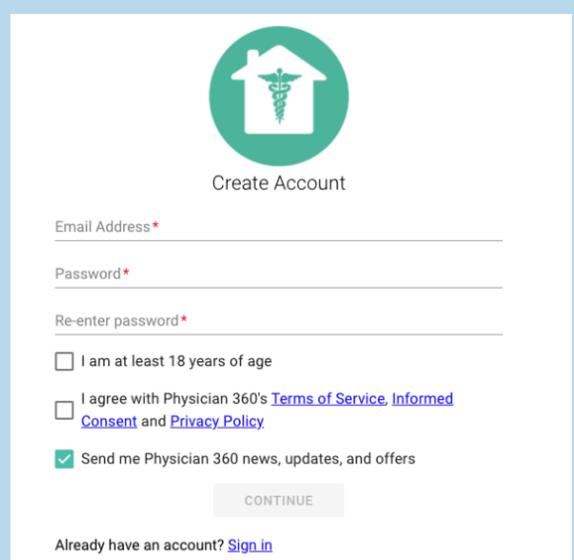

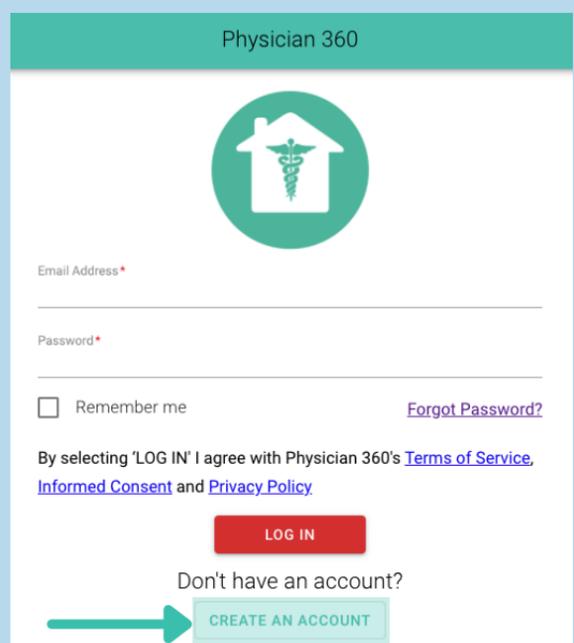

Create an Account

If this is your first time with Physician 360, it's time to create an account! At the bottom of the log-in screen, under “Don’t have an account?”, press the Create an Account button. You can also log in with social.

From there, enter your email address and password of choice.

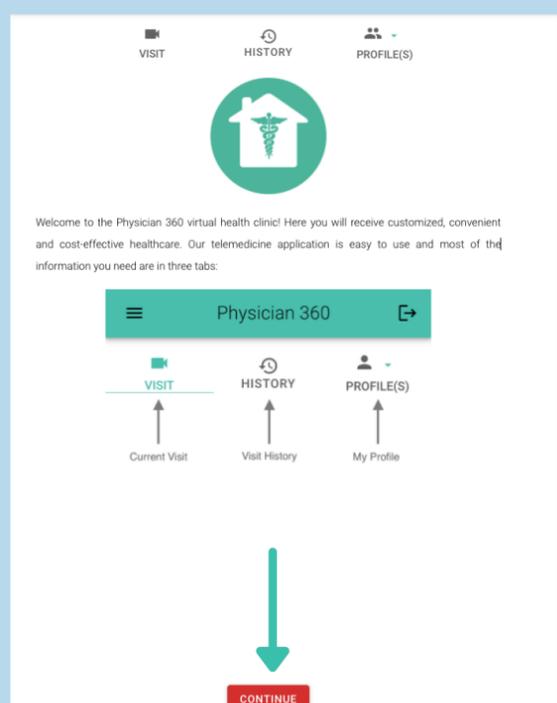

Note: Passwords must contain at least one uppercase letter, one unique symbol, and one number.

Welcome Page

You've now made an account! Press “Continue” at the bottom of the welcome page.

If you don't see this page, return to visit.physician.360.co and log in using your email address and password.

Physician 360™

Symptom Checker

Click “Primary purpose of visit” and select your condition from the dropdown menu. Then, check all of the symptoms that you are experiencing.

If none of the provided conditions fit, select “Other / General” for more options and the option to describe your symptoms.

Select Patient Type

Select if the consult is for you or for a dependent.

Note: For some conditions, like UTI and the flu, you will first be asked if you’d prefer an online consultation or an online consult with a test kit.

For more information on the different test kit options, please ask our pharmacy staff.

Payment Information

Make sure that the right product has been selected, and fill out your payment information.

For erectile dysfunction and birth control consults, there are two options for payment.

Option 1: One-Time Payment of \$29.95 includes the telemedicine consult and a 2-month prescription for medication that can be filled at your local pharmacy.

Option 2: Annual subscription for \$120 includes the telemedicine consult, a 3-month prescription for medication (and 3 refills) that can be filled at your local pharmacy.

All other consults are \$29.95 one-time purchases.

Start Your Consultation!

Choose between "Call Me Back" for a callback visit within the next few hours or "Continue to Visit" to be seen immediately by the next available provider. Some states require a video visit, so you may need to be on a computer with a camera, or use your smartphone.

Once you enter the virtual waiting room, hang tight for up to 15 minutes! If a provider has not reached out to you by then, call the number that will appear on your screen for help.
